Food is such an important part of our lives. It warms us, satisfies us and meets that need of hunger. The kitchen is a great place to serve at Watered Gardens. This volunteer works with the kitchen manager and understands the duties of the day. They will work beside residents and partners to clean, organize, prep and bag up food items as needed. The kitchen is a very active place and the volunteer will be on their feet all shift.

Purpose of Role:

The volunteer is encouraged to find an opportunity to share their love of Jesus with anyone who is need. You will be able to interact and encourage others as you work. A Forge student may be assigned to the kitchen to work beside you as he enters into a new “phase” of life after seeing he wants something different and better than what he has been living. You would have the added benefit of possibly forging a long-term relationship with a young man in a difficult time that needs a friend.

Volunteer Testimony:

“We love serving at Watered Gardens so much we drive from Grove, OK each week. The Lord led us here for a reason. We love the interaction with the Forge students that work in the kitchen. You just never know what might happen and how the Lord will use you.”
